WAINWRIGHT, ALBERTA, WEDNESDAY, FEBRUARY 3rd, 1915

NUMBER 18

GOVERNMENT TO PURCHASE HORSES IN WAINWRIGHT

Animals Will Be Inspected Here
On February 15th By
A. G. Pilkie

Military horses are wanted by the Canadian government and a list of meetings have been arranged for their purchase in this district, full particulars of which appear on page 4 of this issue. The purchaser for this district will be P. G. Pilkie of Vermillion who will be assisted by Dr. E. T. Cunningham as veterinary.

According to Lieut. Col. A. D. McRae, chief remount commissioner, it is the intention of the government as far as possible, to give the owner of every suitable horse in Western Canada an opportunity of selling the animal direct to the government. The desire is not to buy from the dealers or speculators but to entirely eliminate the middle man.

"In the first place we trust that the farmers and horse owners will fully appreciate that there is no necessity for any commissions being paid to anyone so far as our requirements are concerned. In the second place, we hope that the impression will be eliminated that any horse is good enough for the army, owing to the fact that their reported life at the front is a short one. We need horses of good flesh, but apart from our requirements in this connection, the patriotism of the Western farmer should remove any desire on his part to mount any one of our boys on a horse that is unfit to carry him" states Lt. Col. McRae in a letter to the STAR.

LAST MINUTE WIRES TO STAR READERS

Chicago, Feb. 3.—Peace rumors knocked 8c. off price of May wheat at opening today. May afterwards went up to 1854. New record.

London, Feb. 3.—Official reports from both Russian and German centres show that Von Hindenberg has made little progress in his new thrust at Warsaw despite the fact that there is seen the heaviest fighting that has occurred in the eastern arena.

Edmonton, Feb. 3rd.—H. A. Mackie was chosen conservative candidate for the federal riding of East Edmonton last night. Alberta Legislature opens Feb. 25.

Winnipeg.—Wheat made giant strides skyward again to day May 31.61 July 31.02. Oats May 70, July 091.

The Elita Theatre Company, has secured the rights to present "The Wrath of the Gods". It will be shown on Thursday evening of next week. The feature is six reels in length and was produced by the New York Motion Picture Co.

MISS ANNE MORGAN

As a reward "To distinguished service to humanity" a medal of the new National Institute of Social Sciences was conferred on Miss Anne Morgan. She is the daughter of the late multi-millionaire, J. Pierpont Morgan.

After Long Silence Son Writes Parents From Salisbury Camp

Stanley, Brother of Chester O'Reilly. Of This Town Sends Letter To Parents Before Being Sent To War Zone, Letter Is Interesting.

After an absence of several years, years that have been silent so far as his whereabouts were concerned, Stanley O'Reilly, brother of Chester O'Reilly of this town, has written to his parents from Lark Hill Camp, Salisbury Plains, England, where he is now stationed in the Canadian Expeditionary force as a member of the engineers' corps.

Stanley O'Reilly left home several years ago when but a boy and from that time until just a few days ago the knowledge of his whereabouts have been entirely hidden from his people. He now writes to his mother and father, brothers and sisters, stating that he is expected to be transferred to the war zone almost any day and wants to go to fight with a light heart.

His letter is an interesting one. Since leaving home he has been at sea most of his time and in his travels has visited Africa, China, Russia, Japan, South Africa and at the time of the Mexican embargo, he enlisted in the American army for service. He has travelled on schooners from Newfoundland, on Chinese junk boats bound for many destinations and now winds up by offering his services in the Canadian Expeditionary force.

Speaking of his quarters at Salisbury plains, he states that the Canadians are being well

care for. The engineers have a recreation room fitted up that is the envy of the whole contingent. It contains pianos and phonographs while glee clubs have also been formed. Like the majority of Canadians, however, Stanley O'Reilly bewails the English weather. "It is awful," he states, "rain one minute, snow the next and then the sun shines." He speaks well of the people one meets in England. He says that everyone has a smile and a pleasant word.

EDGERTON NEWS

The Masquerade ball held in the Milne hall on Friday was a great success while the picturesque costumes worn and comic make-ups, spoke well for the people who attended. Great credit is due a number of the ladies who took endless pains in making their costumes attractive, while the sober and humorous side of life was exquisitely portrayed by all the men present. R. E. Pawsey took the prize as the best dressed gentleman representing "An Highwayman of Old", and Miss C. Mallett as best dressed lady representing the "Empress of Japan". Mrs. Beckett also won a prize as an "Indian Squaw".

Among those deserving mention were Miss V. Stratton as "Martha Washington", Mr. R. Watson as the "Red Prince", Dr. Sorenson as "Homer", and Mr. W. McKay as a "Clown". Refreshments were served and dancing proceeded till early in the morning bringing to a close one of the most enjoyable and best attended dances this season.

"Religion and Reason" is the subject of next Sunday evening's sermon at St. Thomas' church. Text—"Come now and let us reason".

Girls in the local schools, under the direction of Miss Bremner, are making great progress with their fancy dresses.

Mrs. Albert Grainger, and family, returned home on Friday last, after spending a few weeks visiting friends and relatives in the east.

MANY MATTERS ARE DISCUSSED BY COUNCILLORS

Gas By-law Will Not Come Before Townspeople For Some Time

With Mayor Beaudry and Councillors Mott, Washburn, Gorm, Gower and Secretary Kenny in attendance, the Wainwright town council convened on Tuesday evening and decided, among other things, to postpone for a time, the placing of a by-law before the people for the testing of the gas fields contiguous to the town. The action was deemed advisable by the council board as a whole in consequence of the position in which the town finds itself at this time in regard to its search for gas.

The matter of a cemetery site in Wainwright was one which occupied the attention of the councillors following the suggestion being made that a vault be constructed on the grounds. It was explained that the present cemetery site, although it has been used for several years past, was not owned by the town but was under the jurisdiction of the government. Thus, it was thought to be an unwise procedure for the town to construct a vault on property of which it possessed no title. Through the motion of Councillor Greer seconded by Councillor Washburn, G. L. Hanson, M.P.P., will be asked to take the matter up with the government and the matter referred to the parks, health and cemetery committee.

As a result of Mayor Beaudry explaining that the town was at present without health by-laws, it is expected that early action will be taken for their formation and adoption. At the present time it is almost impossible to keep the town clean.

Secretary Kenny was authorized to conduct a search with the land titles office in order to ascertain the owners of certain lots in Woodland park for the purpose of assessment. Mr. Kenny said that he had written the sellers for the required names but his efforts had met with no results.

In the matter of dray licenses for persons operating a draying business in Wainwright, Secretary Kenny said he had written those concerned that their fee for 1915 would have to be paid before the expiration of January. He had only received one reply. The result was that a motion moved by Councillors Greer and Gorm authorizes by-law 43 in regard to dray licenses to be enforced.

Messrs. Chandler and Patquin of Edmonton, were re-appointed auditors for the town for 1915 at a salary of \$150 and expenses for the year. Authorization was given for the payment of accounts amounting to \$923.79.

Under the auspices of the Ladies Aid of the Presbyterian church, a sale of home cooking will be held in the Wainwright Hotel Annex on Saturday afternoon, Feb. 13th. Tea will be served.

For the purpose of discussing the advisability of the formation of a Wainwright Ratepayers' Association, a meeting of those interested will be held in Bowerman's hall at 8 o'clock on Friday evening of this week. All those interested in the movement are invited to be in attendance.

Honored By Friends

In honor of Peter Livingstone who has joined the 49th regiment and who was in Wainwright during the week and on leave of absence, a dinner party was held at the home of Mrs. Livingstone on Saturday evening of last week at which a large number of friends were in attendance. The rooms were prettily decorated for the occasion with flags while a roast was given for the guest of the evening, Mr. Livingstone left for Edmonton on Sunday to resume his military duties. He took with him the well wishes of his many friends.

ODD FELLOWS' BALL PROVES ENJOYABLE YEARLY FUNCTION

About 200 Persons Were in Attendance; Good Program Given

A dance that proved one of the most successful and enjoyable functions yet conducted in Wainwright was held in the Elita theatre on Friday evening of last week when the local lodge of the Independent Order of Oddfellows conducted their annual at home.

In the neighborhood of 200 persons were in attendance and all enjoyed the fine dancing program which was not completed until 3 o'clock on Saturday morning. The music was provided by an Edmonton orchestra and met with satisfaction while the supper furnished by the Daughters of the Empire also met with the approval of all.

L.I.D. APPOINTS CHAIRMAN

Fred Perkins was reappointed chairman of L.I.D. No. 422 and D.W. Hansen as treasurer at a meeting held recently. Councillors Ford and Perkins were appointed delegates to attend the convention of Rural Municipalities and L.I. Districts, to be held in Calgary shortly. At this same meeting two committees were appointed, one for the purpose of taking in hand the free distribution of gopher poison and the other to investigate the advisability of ascertaining what action should be taken in regard to noxious weeds.

BASKET SOCIAL IS HELD AT DOLCY

Under the auspices of the ladies of the community, a basket social was held recently in the Dolcy schoolhouse in aid of the Belgian Relief Fund to which a donation of over \$35 was made. The exquisite baskets offered for sale tempted the auctioneers to flights of oratory not expected from men of retiring habits. After refreshments had been served, dancing was conducted until the close of the function.

Mrs. J. A. Richardson is visiting her sister at Viking. She will be away about two weeks.

The Wainwright Hunt Club will hold another meeting on Saturday. All those intending to participate should meet at the barns of Catley & Greer at 9 o'clock in the morning.

MARRIED—In Wainwright, on Tuesday, Jan. 26th, 1915, Nora, daughter of Mr. and Mrs. Albert Pries to Mr. Wm. B. Hair, both of Chauvin. The ceremony was performed by Rev. C. R. Corcoran.

Wainwright District Is Doing Its Part For Empire Liberty

Along the avenue of time, Wainwright and its tributary territory is erecting a monument that will stand as evidence of her loyalty during a period of time that will enter the annals of history as the most strenuous, the most critical and the most important in the years of British Empire unity. Wainwright and its district is raising this monument in the offering of her sons and in the giving of much that is assisting the Empire and her allies in their present fight for freedom and liberty.

Weekly the departure of Wainwright boys for the ranks is being recorded, and the boys are those who have lived in Wainwright and the surrounding territory not for one year but, in some cases, for many. They are also boys who have lived here and made a name for themselves and who have residents commanding the respect of all who knew them. They have broken home and family ties have these boys from the Wainwright district; they have given up good positions and have made sacrifices many will never hear of. And they have done this purposely to enlist in the ranks, to do their little share in the big task now confronting the empire.

It will not be very long before the district's contribution to the ranks numbers in the neighborhood of a hundred men. Those who were present at the station platform on Saturday night witnessed the departure of six more boys, five from Wainwright and one from Gilt Edge. They were: Bobby Lowes, Allan Harper, Gordon Newport, A. Dudley, Harry Ward and A. N. D. Malone. All left with the intention of joining the infantry battalion now in the course of formation in Edmonton.

According to a dispatch received by The STAR last week from its special correspondent is expected that the Alberta mounted rifles will shortly be transported for duty in Egypt. In the mounted squadrons are several men from this district and the information is that they will be transported with the second Canadian Contingent which will be sent to England to replace the first Canadian contingent at Salisbury Plains which will be transferred for duty in France.

Persons wishing to communicate with any of the Wainwright district men who are members of the Alberta mounted Rifles should address their correspondence to the 3rd troop, C Squadron, 3rd C.M., C.E.F., South Edmonton.

Arrangements Are Now Being Made To Honor Soldier Boys

Former Residents Who Enlisted Expected To Return Within Next Two Weeks—Musical Entertainment, Banquet And Dance Is Being Arranged By Local Chapter Daughters Of The Empire.

Some evening within the next two weeks, the greatest patriotic rally ever conducted in Wainwright will be held in the Elita theatre for the purpose of giving the Wainwright boys who have enlisted in the ranks, the hearty good will and commendation of the people of this town. All the boys who have enlisted from this district, or as many of them as can possibly be in attendance will be present at the function which is being arranged in their honor.

Upon which evening the event will take place has not been thoroughly ascertained but arrangements are now being conducted with the military authorities and, as previously stated, it is expected to be held within the next fourteen days. The event will establish a precedent in the history of Wainwright for never before has the town been in that position of taking into itself the honor of honoring those who have enlisted from its own confines to fight for their country's cause.

The program will be an exceedingly bright one; it will be an entirely appropriate for the great patriotic rally such as the occasion will be. It will be conducted under the auspices of the local chapter of the Daughters of the Empire who will be assisted in their efforts by H. C. King. According to the arrangements at present planned, an entertainment will take up the first part of the evening. This will be followed by a dance during the course of which the soldier boys will be banquetted on the stage of the theatre. Here, perhaps, brief addresses will be given by local speakers who will convey to the boys assembled the hearty good will and congratulations

from the people of the town. Presentations will also be made to the boys by the Daughters of the Empire and by fraternal societies of the town and following this, dancing will be continued. All in all, the event will be one of the most memorable in the history of Wainwright and district.

CONCESSION IS MADE IN POSTAL RATE TO SOLDIERS

Letters Will Be Delivered in Ranks at Charge of One Penny

Those in the Wainwright district who have relatives or friends in the C.E.F. ranks in England or France and who wish to send them correspondence, should address all mail to the name of the persons and the battalions to which they belong and send it to the Canadian Expeditionary force, London, from where it will be relayed to its destination. An important concession has been made by the British government in the matter of rate of postage on letters to Canadians whereby the British government has agreed, so far as they themselves are concerned, to deliver letters to members of the expeditionary force, whether in England or elsewhere at a postal rate of one penny.

Rev. Mr. Corcoran will continue his series of sermons on Great Women of the Bible on Sunday evening next. Subject: "The Only Old Maid Heroine of the Old Testament."

WAINWRIGHT ALTA. WEDNESDAY, FEB. 2nd, 1915

THE STOCK-RAISER MUST HAVE HIS INDUSTRY MADE WORTH WHILE.

PACKERS OF WESTERN CANADA have become alarmed by the dearth of breeding stock in the hands of farmers and at the annual meeting of the Edmonton Board of Trade held last week, a comprehensive discussion developed on stock raising and the value of the pork industry to the farmer.

The subject was introduced by W. R. Ingram of the Swift Canadian Company who said that unless something was done to stimulate pork production, Western Canada would not be able to take advantage of the European markets which will be opened during the progress and after the conclusion of the war. The Board of Trade was urged by Mr. Ingram to assist the packers in stimulating the stock raising industry.

This question of increased live-stock production in the west has been discussed in these columns before. We all realize how necessary it is to the farmer and to the prosperity of Western Canada that the equipment of the farmer be increased. But when a representative of a packing house appears before such an organization as the Edmonton Board of Trade and asks for its support in the carrying on of a campaign to stimulate the industry, it proves to us how serious the question is and how sorely the stock raising phase of rural business needs stimulation.

But the Edmonton Board of Trade did not comply with the request of this representative of the packing interests. And the reason why was because there were members in attendance who did not think that farmers or stock raisers were being treated fairly by the packing interests. Information elicited by one member proved that packers were only paying \$0.75 cents for the choicest pork while the grades went down until \$3 per one hundred pounds was not an uncommon price.

This is the rate paid to the farmer while the average price charged by the packers for the finished product is approximately 20 cents per pound. With such a contrast in these figures, can it be wondered why the Edmonton Board of Trade needed some explanation before it would entertain the thought of giving its strength to advance the proposals of the packers? We find, at this time, that while the price paid the producer by the packer is as low as it has been for twenty years, the consumers are paying the highest price realized during a similar period of time.

Much is wrong with the stock raising industry in the west and when we consider the prices before mentioned we can fully see where a great deal of the blame may be shouldered. If stock raising is to be increased as it should be increased a stimulant will certainly be needed. But this stimulant cannot be furnished by the Edmonton Board of Trade nor by any like organization. It must be furnished by those who are in a position to make this phase of rural life well worth the time and attention of those who enter it. Only in this way will it take on the proportions it should take on. The stock-raiser must have an equal show with the packer.

MANKIND MUST FIND WAY TO OVERCOME WAR.

WHOEVER FIGHTS IN THIS war in the front ranks, whoever realizes all the misery and unspeakable wretchedness caused by a modern war, will unavoidably arrive at the conviction that mankind must find a way of overcoming war. It is not true that eternal peace is a dream, and not a beautiful one. A time will and must arrive which will no longer know war and this time will mark a gigantic progress in comparison with our own. Just as human morality has overcome the war of all against all; just as the individual had to accustom himself to seek redress of his grievances at the hands of the state after blood feuds and duels had been banished by civil peace, so in their development will the nations discover ways and means to settle budding conflicts otherwise than by war.

The foregoing are the words of Baron Marchall von Bieberstein, said to be a son or near relative to a former German ambassador to Great Britain. The words were written as the Baron stood in the trenches and we who read them now fully realize that all Germans are not thoroughly in accord with the dreadful destruction of life and property now being wrought on the awful fields of battle in Europe.

There are some who will disagree with the words of the baron; the Kaiser disagrees with their every thought and so do many of the Prussian war lords who collectively have been responsible for the present carnage. But they have not been wholly responsible for as the Free Press states, the origins of war are diffused and ramified. Many people are militarists without knowing it, and it is the militarist mind, the militarist outlook, common to all nations in a greater or less degree, upon which, in the last resort, the blood guiltiness lies.

NOTES AND COMMENT

The Prairie Farm and Home is not far wrong when it says: "It may be fitting that the political parties should make a truce during war time, but the organized farmers will best serve the Dominion and the Empire by fighting for their rights with renewed vigor and with every available weapon that may be fairly used."

A Montreal alderman was caught in a questionable resort raided by the police. The surprising thing was not that the alderman was in the questionable resort, but that the police raided it—in Montreal.

In Wainwright on Sunday week we will celebrate the one hundred years of peace between the two great English speaking nations of the world. The celebration will take the form of a joint service of the Protestant churches. The service itself and the cause thereof will almost seem out of place in this time of war but did ever such a time present itself when we should pray for peace and celebrate for its keeping?

THE BURNING QUESTION

Now is the time of the year when you ask yourself the burning question, "What coal is going to give me perfect satisfaction by its long lasting qualities, its freedom from gas and clinkers, and its intense heat?" We have the answer. It's the famous
